

Dr. Paul Lee Tan

This year we are remembering **Dr. Paul Lee Tan** who died on October 28 of this year at the age of 86. He was of Chinese descent, but ministered primarily in the Philippines and the U.S. He earned a ThM from Dallas Seminary and a ThD from Grace Seminary in Indiana. Dr. Tan authored many books and taught Bible prophecy for more than 50 years. He led many trips to Israel and encouraged people to visit Israel.

Several years ago, it was my honor to present Dr. Tan at our December 2017 banquet the John F. Walvoord Prophecy Award for his many contributions to Bible prophecy which were always a big part of his ministry. We are thankful for his life and wholehearted, faithful service to our Lord Jesus Christ.
